

ABOUELGHAR'S

Online resume

Introduction

Overview.

I'm a skilled software developer with experience in TypeScript and JavaScript, and expertise in frameworks like React, Node.js, and Three.js. I'm a quick learner and collaborate closely with clients to create efficient, scalable, and user-friendly solutions that solve real-world problems. Let's work together to bring your ideas to life!

WHAT I HAVE DONE SO FAR

Work Experience.

MY WORKS

Projects.

Following projects showcases my skills and experience through real-world examples of my work. Each project is briefly described with links to code repositories and live demos in it. It reflects my ability to solve complex problems, work with different technologies, and manage projects effectively.

Conix.ai

Revolutionize the architecture industry by seamlessly integrating Artificial Intelligence into the design process through our SaaS platform, creating sustainable and innovative designs that have a positive impact on the way we live, work, and communicate.

#Angular #NodeJs #ThreeJs

Zebra

Zebra is a C# grasshopper plugin, developed by YFA team when a need came for an agent based design.

WHAT OTHERS SAY

Testimonials.

"

I didn't know one can develop his skills from zero that fast. From not knowing how to code straight to a full stack.

@Yusuf Fahmy

CEO of Conix.ai

"

You started just as a designer on our team. now you went so far in the coding that we gave you your own team.

@Mohamed Hamdy

Project Manager of Conix.ai

"

You're the first Student to ever do that in our college. We don't teach those subjects yet you managed to learn all that on your own.

@Mona El Bassiouny

Ex Dean of Modern Academy
